

BLAUKOPF

SHARI BLAUKOPF MATERIALS LIST FOR BAR HARBOR WORKSHOP

In this workshop I will be sketching AND painting, meaning that sometimes I will do a smaller sketch in one of my sketchbooks, and sometimes I will do a larger watercolour painting on a pad of Arches paper. I encourage you to do the same, if you wish, but if prefer to only work in your sketchbook, that is perfectly fine. As long as you have good paper so you can capture all the great colours of the coastal scenes. Feel free to email anytime to ask questions about your materials: info@shariblaukopf.com

PAPER AND SKETCHBOOKS:

Surfaces are so important! You won't get good results on cheap paper. I use a variety of papers and sketchbooks for painting, but they all good watercolour paper. I use Hahnemuhle 100% Cotton Sketchbooks (A4 size) and Handbook Watercolor Journals. I will also be using Arches watercolor pads. Please use a sketchbook with good quality watercolor paper, **as a mixed media book with thin paper will not allow you to achieve good results.**

PIGMENT AND PALETTE:

Any folding watercolor palette with spaces for pigment and a large mixing area is fine. You'll also need a couple of water bottles with reliable seals for your painting water. I have several Nalgene bottles because they're leakproof.

Here are the colors I generally use. If you already have colors you like, please use those. I use many brands of paint including Daniel Smith, M. Graham, Holbein and Winsor Newton. I prefer to fill empty half pans in my palette with tube colors (rather than using pre-filled half pans) since fresh paint is creamier and needs less water to be released, but if you have pans that is fine as long as they are not dried out!

ESSENTIALS (I use these often):

YELLOWS: Azo Yellow or Hansa Yellow Medium, Lemon Yellow, Naples Yellow

BLUES: Cerulean Blue, Ultramarine, Cobalt Blue, Prussian Blue

REDS: Alizarin Crimson, Cadmium Red, Quinacridone Rose, Quinacridone Coral

EARTH COLORS: Burnt Sienna, Raw Sienna, Burnt Umber

OPTIONAL (I use these sometimes):

Translucent Orange (Schminke), Turquoise Blue, Hooker's Green, Cobalt Green, Green Gold, Yellow Ochre, Lavender, Carbazole Violet, Peach Black, Titanium White watercolor (I use this straight from the tube so it is never on the palette) or White Gouache for highlights.

Brushes:

I use a wide variety of brushes (both rounds and flats) but if you have one good travel round (#8 or #10) with a sharp point (synthetic or sable), you can paint most of your sketch with these. I also like to use a rigger brush for wires and branches (#3). Good travel brush brands are Rosemary, Da Vinci and Escoda. A water reservoir brush is not recommended.

GENERAL:

- Mechanical pencil or 2B pencil
- Kneaded rubber eraser
- Ink pens: I use a variety of Micron or Pitt pens, but any fine waterproof pen will work
- Sunscreen, bug spray and a hat for being outdoors all day
- Paper towels for blotting or spills
- Bulldog clips

FOLDING STOOL AND EASEL:

I travel with a folding stool. You can use anything from a \$2 dollar store stool to a \$75 Walkstool but it should be something you are comfortable sitting on for at least an hour.

We will certainly be outdoors, so you should be familiar with working on your lap or on an easel.

I travel with a folding watercolour easel for demonstrations. If you have one, feel free to use it or work on your lap if you are more comfortable that way. Two suggestions for working on your lap are on my website (below)
