

Tools & Supplies

- 6-8 inch sewing scissors – make sure they are sharp and functional
- Rotary cutter and cutting mat – no ruler necessary
- Seam ripper
- Pins
- Tailors chalk or marking tool
- Thread – medium gray blends well with everything
- Sewing Machine
- Ironing station — steam recommended or spray bottle
- Hand sewing kit – just in case

Materials

- Bring a range of materials that inspire and challenge your creativity.
- Include fat quarter sized scraps in a variety of values, neutrals, shades, tints, brights.
- Additional yardage (1yd +) for backgrounds, negative space filler between shapes. There can be multiple backgrounds and fillers. If you run out, substitutes work just fine.
- Recycled materials are encouraged and welcomed.
- Some solids are recommended, and prints will work too.
- Bring materials to share with the class that you are happy to pass along.
- Try not to coordinate or “match” your selections with a focus fabric, or in a rigid predetermined way.
- Don't worry it's improv, whatever you bring, you will make it work.
