MADELINE ISLAND SCHOOL of the ARTS (MISA) is ranked among the top five art and craft schools in the country. The school is located on Madeline Island, the largest of the 22 Apostle Islands in Lake Superior. Board the car ferry in our charming port town of Bayfield, WI and in twenty minutes you'll slip into Island time.

MISA's workshop environment is known for its world renowned instructors, spacious studios, superior on-site accommodations, and a staff that will ensure an unforgettable experience. Our fabulous meals and dining facilities provide an additional opportunity to bond with students and instructors.

"A wonderful, unforgettable experience! The hospitality and organization was stellar! I recommend MISA to anyone looking for an opportunity to learn and practice their craft while having all their needs met!" – MISA Alum

Our forest and prairie meadow cottages are only steps away from the workshop studios and dining area, and that's what makes MISA so special. You'll enjoy the camaraderie of students and instructors, in this idyllic environment enhanced by 24/7 studio access.

We have designed our mission cottages with your utmost comfort in mind. Rooms are furnished with cozy chairs, Wi-Fi, writing desks, climate control, and fresh linens. There are a variety of private or shared room options depending on your preference, and include king, queen or twin size beds. Consider bringing a friend or spouse with you to enjoy the Island while you attend a workshop.

"Desert quiet, lots of space and a big sky, wide creative horizons — perfect for your writing time."
– MISA West Instructor, Mary Carroll Moore
