**Rosalie Dace's
Earth, Wind and Fire
Materials List**

Normal sewing supplies for machine and hand sewing

Fabrics: a variety of fabrics in a wide range of warm and cool colors that include primary, secondary and tertiary colors of your choice in hand-dyed and commercial fabrics, in solid colors, subtle and/or strong textural prints, tone-on-tone prints. Make sure you have a good range of lights, mediums and darks. Include neutrals, related colors and contrasts. 100% cotton is advisable but you may choose to bring some specialist fabrics like silks or sheers that might add subtle differences and enhance how a color is perceived.

Remember the greater the choice you have, the more exciting the possibilities for your work!

PREPARATION:

In this class we will be looking at color and finding inspiration from the natural world, so spend time looking at the color details in the world around you e.g. in rocks, stones, tree trunks, shells, leaves with their thorns and veins, the sky at different times of the day_etc. Collect images from books and magazines that please you. See if you can find the colors in your fabric stash.

Become obsessed with COLOR!
