After years of teaching this course I have settled on these Turner Acryl Gouache paints as the most suitable high quality paints at a reasonable price (around \$7 per 40 ml tube). They are richly pigmented and dry to a stable, matte surface that supplies the best possible "color read." (Conventional acrylics have a "satin" finish and are not as opaque as these paints.) Blick doesn't carry Turner but you can get it online through either Jerry's Artarama or Jackson's Art Supplies. Please order your paint early because there may be a wait time on certain in-demand colors.

Additional Materials:

A ruler.
A pencil.
A water container (A large plastic yogurt container works well.)
An x-acto or utility knife.
A pair of scissors.
Paper towels.
A small cutting mat or thick piece of chipboard.
