Fabrics

This is the really fun part. Choose a palette of colors that best suits music that you love. This could be bright and bold, dark and moody or soft and subtle. You will need a large **variety** in your chosen range, including **solids, hand-dyes, stripes, checks** or **patterns** that please you in a range of lights, mediums and darks. Make sure you include some contrast colors in your selection.

Preparation

Listen to music, particularly jazz, and imagine the music in color as your feet and fingers tap in time to the music, maybe you even dance!
